a vivid description of the people events and issues that forever changed the lives of native americans during the 1960s and 1970s such as the occupation of alcatraz fishing rights conflicts and individuals such as clyde warrior rising out of more than a century of poverty and pervasive repression stoked by the example of the movement against the vietnam war and the upheaval among black and chicano civil rights activists the american indian movement shifted the debate over the indian problem to a new level many native peoples also took a stand for fishing rights land rights and formed resistance to coal and uranium mining on tribal land this work tells the story of that movement and provides the first encyclopedic treatment of this subject providing a vital documentation

of a controversial and often surprising period in American Indian history Bruce E. Johansen, an accomplished scholar and authority on Native American history, provides more than descriptions of historic events and careful analysis; he also frames what occurred in the American Indian movement personally and anecdotally, drawing from individual stories to illustrate larger trends and to ensure that the material is appealing to high school students, university-level readers, and general readers alike.

In 1969 Richard Oakes and Adam Fortunate Eagle, then known as Adam Nordwall, instigated an invasion of Alcatraz by American Indians from the mainland. Fortunate Eagle orchestrated the events, but they assumed an uncontrollable life of their own. Fortunate Eagle provides an intimate memoir of the occupation and the events leading up to it, accompanied by a variety of photographs capturing the people, places, and actions involved. Heart of the Rock brings these turbulent times vividly to life. From the start, public support was strong; money poured in from around the country. Sausalito sailors and their navy transported supplies and people to the island. San Francisco restaurants sent Thanksgiving dinner, a school was started, chores and responsibilities were shared by everyone. Alcatraz became home, and American Indians of all tribes became a family. But the occupation lasted two years, and Oakes, who had become its spokesman, left after his stepdaughter's death on the island. Memoranda from the White House recommended doing anything to turn the public against the occupation, so it could be ended. Water and electricity were cut off, reports of conflict on the island began appearing in the press, and suspicious fires burned five buildings. Nevertheless, the occupation of Alcatraz remains what historian Vine Deloria Jr. has called perhaps the most significant Indian action since the Little Bighorn.
